About ZuluTrade

A photograph of a ZuluTrade office interior. The ZuluTrade logo is prominently displayed on a dark wall in the background. The office is dimly lit, with warm ambient lighting. In the foreground, there are computer monitors and desks, suggesting a trading or technical environment.

Founded in 2007 by Leon Yohai, ZuluTrade is a market-leading provider of trading technology to the global FX industry.

- ▶ Over 40 Brokers worldwide TRUST ZuluTrade's cutting edge technology.
- ▶ Over 1.5M registered users from all over the world.

ZuluTrade is the world's most advanced Forex social trading platform. The Group is regulated in Europe via Triple A Experts Investment Services SA and in Japan via ZuluTrade Japan Co Ltd.

ZuluTrade Group has over 10 years' experience in providing Brokerage firms with auto-trading technology to expand their offering. Hundreds of successful Broker integrations and millions of executed trades have made ZuluTrade an integration and trade execution expert.

Estimated Implementation Time

1 Week

The screenshot displays the ZuluTrade website interface. At the top, the ZuluTrade logo (By FXCM) is visible along with navigation links for Traders, Contact Us, and Features. A language selector (UK flag) and a Register button are also present. The main banner features the headline "Automated Trading with your rules!" and a cartoon character sitting at a computer with a speech bubble that says "...WHEN MY PnL EXCEEDS \$1,000". Below the banner, there's a "Find Out More!" button. The interface includes a live transaction volume display showing "39,725,047,388" and a section for "ZuluTrade's live accounts current transaction volume in USD". There are three main content areas: "Performance" with a table of top traders, "Top Traders" with a combined performance chart, and "TradeWall" showing recent trade activity. At the bottom, there's a section for mobile apps and testimonials, including logos for Dow Jones, Wall Street Journal, CNNMoney.com, and Entrepreneur.
